Notification dated 9—11*th September* 1925.

18. Review of Vital Statistics for the half-year ending June 1925.

Resolution.—Recorded.

The review may be sent up. The death rate is alarming and effective steps must be taken to investigate the causes. The matter requires close study and the adoption of remedial measures.

The Board is of opinion that a Hookworm and Malaria campaign should be arranged by Government forthwith. A sum of at least Rs. 20,000 being since set apart for the purpose. If this disparity between births and deaths should continue, the consequence would be most deplorable. A comparison of census figures also discloses the gradual excess of deaths over births in this district and this calls for immediate studied attention.
